

MARC MANNING

After spending over 20 years in the graphic arts industry, Marc Manning turned his passion for photography into a full time business. His photographs have appeared on the cover and pages of books and magazines worldwide. Marc's work on *The Preservation of Calumet Farm*, a series of fine art prints, was selected for the book and cover of *Magnificent Stables* published in Paris, France, and sold worldwide. In 2009, Marc was commissioned to do the photography for *Beyond The Fence, A Culinary View of Historic Lexington*, a publication that spent six months at #1 on the Kentucky Bestseller List.

In 2011, Marc was selected by award winning film production company, Marvo Entertainment Group LLC, to capture the beautiful landscapes, the passion of the people, and the remarkable spirit of Woodford County on video for "My Kentucky Home: Woodford County," a two-hour documentary that will be included in its *My Kentucky Home* series that airs on PBS affiliate KET. Marc says, "This challenge has opened new doors for me to explore and capture the beauty and history of such an awesome place. It is an honor to be working with such talented people who share this same passion for our great state of Kentucky." A native Kentuckian, Marc and his family have lived in Versailles for the past 15 years.
